KIT24s (Art. 270)

Basketball 24 seconds shot clock

The KIT24s system has been designed to visualise the ball possession time and time-out in basketball. The regulations in force provide for these times to be of 24/14 and 60 seconds respectively.

It consists of a console with a keyboard and two display panels.

FEATURES

- 20-cm-high figures in red. Visibility: 70m.
- Handling of the 14 seconds rule, as per the latest FIBA regulations.
- Green light on display indicating the time count in action.
- End of time period buzzer on each display. Sound intensity 105db-30cm., suitable for low-noise venues.
- Possibility of modifying ball possession time and time-out
